Cajetan Rodrigues

has successfully completed

Convolutional Neural Networks

an online non-credit course authorized by deeplearning.ai and offered through Coursera

Adjunct Professor Andrew Ng Computer Science

 $Verify\ at\ coursera.org/verify/KT_562GUM_{57}DH$

Coursera has confirmed the identity of this individual and their participation in the course.

Hey Data Scientist,

Congrats on completing all (or part) of the Deep Learning course!

(Note: if you don't like reading long texts, then skip to the bottom. Your bonus is there!)

Such a big course, right? Personally, I liked Bolzmann Machines for their elegance and SOMs for their

simplicity. How about you?

Coming into this course you probably had lots of questions... And hopefully, Hadelin and I have been able to help you answer most (if not all) of them.

Well now, I've got a question for you! What do you think makes a Data Scientist a good Data

Scientist? > Is it the visualization skills?

- > Or is it the modeling techniques?
- > Or maybe it's the data preparation blueprint that
- he/she uses? > But what about the presentation skills? Those are very
- important too. Well... The truth is, that all four of the above

are crucial for a Career Data.

Well, I've been around the World of Data Analytics a bit

and met a some Data Scientists. A few... And I'll tell you one thing - the most successful ones are those, who have mastered all four areas. Those are the guys & gals who get paid the big bucks and get job offers flying at them from all over the place.

Exciting? Totally. But a bit daunting at the same time as well... Because if

you think about it: mastering these four areas sounds like a lot effort. Right? Well, cheer up. There's a bright side!

Not that long ago I decided to document my 5+ years of

Data Science experience and that's how I created the Data Science A-Z™ training. This is a massive course with over 210 lectures, ample

away templates and even homework exercises! And the best part is that this course is broken into 4

theory, practice, Real-World business problems, take-

main parts: Visualization, Modeling, Data Preparation, Presentation. Meaning that you can learn some of

those powerful skills that set apart the most successful Data Scientists from the crowd.

In short, this is THE course you need to truly skyrocket your Data Analytics career!

Does that sound exciting?

Well, I really want you to encourage you to keep learning. That's why I want to extend a special student-only invitation into this course to you:

https://www.udemy.com/datascience/? couponCode=YESDATA

Use this coupon-coded link to get an exclusive 90% when you sign up.

And I'll see you in class...

Until next time, happy analyzing:)

Cheers, Kirill

PS: Still on the fence about whether you need a robust, all-round Data Science training program in your life? Just watch the promo video, it will help you better understand what the course is all about.

Certificate of Participation

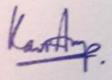

This is to certify that Ashley Lobo, a student from Fr. Conceicuo Rodrigues College of Engineering, Bandra has participated in the Regional Finals of the e-Vantra Ideas Competition (eYIC-2019) held at K. J. Somaiya College of Engineering, Vidya Vihar on 21st February, 2019.

He/She is a member of the team having following team members.

- 1. Chinmay Manoj Kolhatkar
- 2. Nishant Chandrashekhar Bhangale
- 3. Nehal Kalnad
- 4. Ashley Lobo

Mentored By: Prof. Kranti K. Wagle

This team demonstrated the project titled "Ai Based Early Stroke Detection".

Prof. Kavi Arya Principal Investigator, e-Yantra Professor

Department of Computer Science and Engineering Indian Institute of Technology Bombay

e-Yantra is a project sponsored by MHRD, Government of India, under the National Mission on Education through ICT (NMEICT).

Certificate of Merit: awarded to fination topics.

Certificate of Canapirosas: awarded to more for completing all the polys of the competition.

Certificate of Participation: awarded to tomics for guidal completion of tasks of the competition.

Letter of Participation: awarded or its action of against of participation of an o'l'amos Letters.

ASJAD BAIG

has successfully completed the online, non-credit Specialization

Deep Learning

The Deep Learning Specialization is designed to prepare learners to participate in the development of cutting-edge AI technology, and to understand the capability, the challenges, and the consequences of the rise of deep learning. Through five interconnected courses, learners develop a profound knowledge of the hottest AI algorithms, mastering deep learning from its foundations (neural networks) to its industry applications (Computer Vision, Natural Language Processing, Speech Recognition, etc.).

TO WHOM IT MAY CONCERN

This is to certify that Princeton Baretto, a student of Fr. Agnel's College of Engineering, Bandra, has successfully completed the Internshala Student Partner (ISP) 12 program with Internshala during the period of December 2018 to February 2019.

During this period, the ISP promoted Internshala and its products successfully and showed genuine sincerity and willingness to learn while taking on new assignments and challenges.

We wish Princeton Baretto good luck for all the future endeavors.

You may please contact the undersigned for any queries you may have regarding Internshala or the ISP program.

Kind regards,

Saumya Sharma

Head, Internshala Student Partner

Contact at: isp-hiring@internshala.com

Certificate of Appreciation

Princeton Baretto from **Fr. Agnel's College of Engineering, Bandra**, has been a part of the Internshala Student Partner 12 program and has won the 'Gold Award' for bringing in 5 payments for Internshala Trainings.

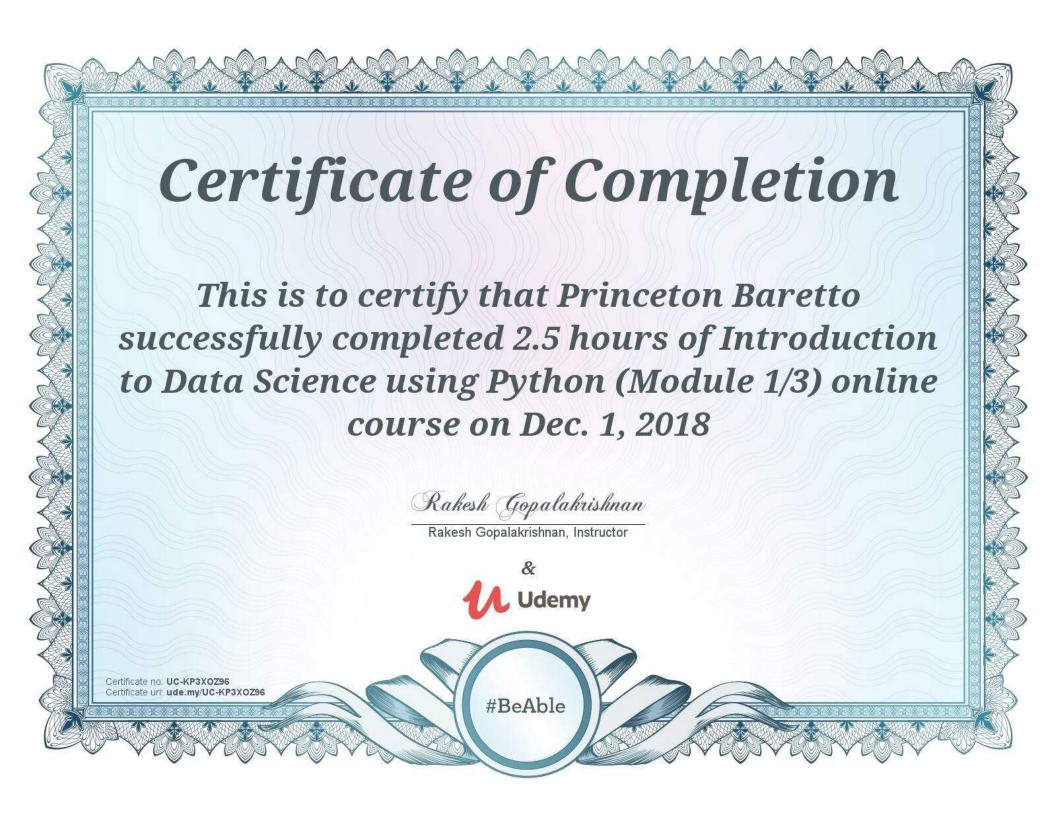

We appreciate the effort put in and wish ISP **Princeton Baretto** all the best for future endeavours.

NPTEL Coordinator

INSTRUCTIONS FOR THE EXAM

- 1. The Admit Card must be presented for verification along with one original photo identification (not photocopy or scanned copy). Example of acceptable photo identification documents are School ID, College ID, Employee ID, Driving License, Passport, PAN card, Voter ID, Aadhaar-ID. Printed copy of hall ticket and original photo ID card should be brought to the exam centre. Hall ticket and ID card copies on the phone will not be permitted.
- 2. This Admit Card is valid only if the candidate's photograph and signature images are legible. To ensure this, print the admit card on A4 sized paper using a laser printer, preferably a colour photo printer.
- 3. Please report to the examination venue by 08:00 am. CANDIDATES WILL NOT BE ALLOWED TO ENTER THE EXAM PREMISES AFTER 09.30am.
- 4. Candidates will be permitted to appear for the examination ONLY after their credentials are verified by center officials.
- 5. At 08:40 am Candidates will be permitted to occupy their allotted seats. At 08:50 am Candidates can login and start reading instructions prior to the examination.
- 6. Candidates are advised to locate the examination center at least a day prior to the examination, so that they can reach the center on time for the examination.
- 7. The total duration of the examination is 180 minutes. Candidates will be permitted to leave the examination hall only after 10:40 am, on a need basis.
- 8. Any kinds of watches, mobile phones or any other electronic/communication devices are STRICTLY PROHIBITED inside the examination hall. There may not be any facility for safekeeping of these devices outside the examination hall; it will be prudent not to bring valuables to the examination center.
- 9. Eatables and drinks (including water bottles) are not allowed inside the exam hall.
- 10. Please DO NOT bring any type of Calculator for use in the exam. On-screen calculator will be available during the exam.
- 11. Candidates are advised to familiarize themselves with this virtual Scientific calculator well ahead of the exam. Link: https://www.tcsion.com/OnlineAssessment/ScientificCalculator/Calculator.html
- 12. Scribble pads will be provided to candidate for rough work. Candidates have to write their name and registration number on the scribble pad before they start using it. The scribble pad must be returned to the invigilator after the end of the examination.
- 13. MANDATORY ALL COPIES OF HALL TICKET PRINT-OUTS HAVE TO BE RETURNED TO THE INVIGILATOR BEFORE LEAVING THE EXAM HALL. NO PAPER CAN BE TAKEN OUT OF THE EXAM HALL.
- 14. IMPORTANT: Basic code of conduct during the exam should be followed, failing which, NPTEL reserves the right to take appropriate action.

Vedant Atmaram Sakhardande

has successfully completed the online, non-credit Specialization

Deep Learning

The Deep Learning Specialization is designed to prepare learners to participate in the development of cutting-edge AI technology, and to understand the capability, the challenges, and the consequences of the rise of deep learning. Through five interconnected courses, learners develop a profound knowledge of the hottest AI algorithms, mastering deep learning from its foundations (neural networks) to its industry applications (Computer Vision, Natural Language Processing, Speech Recognition, etc.).
