7.1.7. Green Practices

Institute is sensitive towards environmental issues and has tried in every manner in its action to exhibit its commitment towards it. Several policies, practices and procedures are laid down to make functioning environmental friendly. Institute discourages use of fossil fueled vehicles for staff and students. Some students and staff members residing in nearby vicinity of the institute prefer to commute on bicycle. Institute is very proactive towards paperless ecosystem and has started using e-resources for all administrative and academic instructions and communications. Green landscaping at FRCRCE includes eco-landscaping which is designed and maintained as per BMC norms. It reduces air, soil, and water Pollution. The FRCRCE campus has a landscape which includes approximately 180 trees. The report of the plantation is attached.

Proposed Additions And Alterations in Existing College Building
 On Plot Bearing CTS No. 886 To 892 And 907 of Villege Bandra,
 LIST OF TREE IN BANDRA COMPLEX
