## Any other Remarks / Suggestions

99 responses

No

None

-

.

no

No

Nope

.

NA

None

none

No suggestions

Needs more involvement in sports area.

All topics are covered thoroughly in each subject.

N/A

AC in classrooms

Elevator lifts should be improved

Nope.

Elevator facilities should be improved

Canteen food is expensive .

Can improve in give more writing practice that can prepare for sem exam

Very good teaching

Canteen is horrible, extremely overpriced and the food does not even taste good

N.A

Plz give some more attention to sports

Thank you.

Overall good

Mechanical department doesn't have printer facility while the other branches have. Please provide us with a printer. Also the xerox machine doesn't work. To much inconvenience. There should be a stationary shop inside the college.

According to my point of view, the faculty should explain higher technical terms or difficult terms in a simple way

There should be wifi facilities on every floor and printer with ink and paper in it and mainly we should have permission to use both and it should be in working condition because we have lot of submission work throughout semester so without the facility of wifi and printer it becomes very difficult for use and also very important this is with due respect that office clerks should

(DR. S. S. RATHOD)  
PRINCIPAL

be polite towards the students whenever we go to office for any work their response is very rude especially Robert sir this i am saying through personal experience. THANK YOU :)

There is no clock available in most of the examination hall, if there will be one available in class may help students in their examination.

Please divide the curriculum equally according to the semester duration, subsequently dividing the amount of termwork submission as well as self study overall.

Need the printer in mechanical department

please provide printer for mechanical department and fans lights of classroom doesn't work properly

All departments have got a printer for their students. Except mechanical department. And when mechanical engineering students try to use other departments printer, they are not allowed. So a printer should be facilitated for mechanical engineering students also.

Canteen to be improved

Allowance to use the Gymkhana would be appreciable

Our syllabus contains too much theory and less practical, the practical's that we have are extremely easy.

Yes

Printer should be available for MECHANICAL branch students

Nthg

More use of projectors and Computers rather than theory lectures.

Thank you to every faculty teachers who gave their best for our betterment.

none

nope

Good Experience. Should have a stationary shop in college.

Could improve the printer's

If more mentorship on Main mini project is provided , it will be beneficial for all students

Drinking water needs to be maintained. I get sick and loose motions after drinking college's drinking water after a few days. Please take this seriously.

Term work submission should be done 20 days before semester exam starts

Office Employee Behaviour

upgradation in infrastructure related to the practical room. Good food and variety to be provided in the canteen.

nil

None

No

NA

.

Tying up with organisations and ensuring two months of practical work experience for the students in the area of their interest can help students understand their potentials/liking in that field and decide their growth path.

N/A

Keep up the hardwork

No I think everything is fine.

There should be more parents interactions regarding their wards performance. Students should be given more practical experience and Industrial visits

More emphasis on applied and project based learning under teacher's guidance

Maintenance of elevators

the air ventilation could be much better in the classrooms

Education Pattern should be future-proof

The Canteen Facilities can be enhanced.

none

- 1) Portion is not completed by teachers
- 2) HOD forces all students to attend all lectures, but still doesn't make sure that portion is completed.
- 3) HOD doesn't make sure that substitute teacher is sent in absense of professor.
- 4) Term end submissions were not carried out efficiently, students had to carry all files to college and stamping did not take place, absence of teachers was not informed on official group or by any way.
- 5) Mini Project instructions of logbook were not given at the beginning of year.
- 6) prof jayen taught few topics and said to refer previous year recordings uploaded on google classroom. We are paying fees for offline college lectures, not for recorded video lectures.
- 7) electronics faculty trying to teach java was not satisfactory

Provision of Air condition in the class room

Making the subject look interesting rather than just teaching it for the sake of completion of syllabus

Please improve the quality of food in canteen

There should be hostel facility in campus for outstation students

Plz get a printer in mechanical department and plz upgrade the Xerox machine.

Please complete the portion in time and keep doubt solving lectures

I understand that syllabus for the semester examination is not completed before time. Modules are left incomplete and proper notes are also not provided. Students have to slog during the exam week searching for notes. Some professors do not even provide important questions even after leaving half of the syllabus incomplete. Suggesting you to kindly look into this matter.

(DR. S. S. RATHOD)  
PRINCIPAL

Nothing

Proper canteen facility should be given to students

Bring more good companies for placement

Canteen should be better.

No comment

NO

There should be increased coherent interaction between students and faculty. Also, more informed and understanding amongst the facilities is desired. It would be highly solicited that parents-teachers-student triology is maintained at all important milestones and goals during each semester. A periodic reviews and appraisal be conducted for each student and outputs and individual capabilities of every student be monitored.

Increase in facilities of canteen

The college should provide some internship opportunities to students for gaining some industry knowledge.

Industrial visits are lacking currently for computer engineering students.

Canteen facilities should be thoroughly looked into as it students are currently facing huge issues regarding this.

Infrastructure could be improved for labs.

Classroom infrastructure needs to improve. Most Lecturers just finish their lectures and go, they can have some interaction with students, especially on prevalent technologies and career guidance.

Hostel should be allotted somewhere near the college.

The Canteen facilities needs improvement.

Nil

no comments

Canteen should have proper lunch

Feedback regarding my ward's performance in studies and general behaviour must be reported hence Parents must be reported on personal level

Very good management and faculty but unfortunately nothing is perfect in this world so some drawbacks are there like most of the computers(pc) are not functioning properly and also photocopiers do not work properly. Moreover, although students are studying computer science but they are expected to take hard copies (photocopies) of study material/assignments

No suggestion

-

no

Smart classroom and improve on lab resources

Classrooms and Labs should be equipped with smart boards. AC in Labs should be upgraded because most of the labs AC are very old and making noise and not working properly.

Canteen space need to be improved

Artificial barrier is hindrance for team work

No

SMART BOARDS CAN BE INSTALLED IN SOME CLASSROOMS.

More use of ICT tools in teaching learning process

More industry support for projects.

none

Need improvement in college infrastructure.

Provide better canteen facility

Improve Canteen facility , improve ambiance in seminar hall , clean third floor washroom on regular basis.

1. Genuine mid term feedback should be conveyed to teachers.
2. There should be smart boards in each class room.
3. Better cleanliness in the washrooms is required.
4. Canteen facility needs to be improved.

Institution must provide financial assistance for attending/participating in workshops/conferences.

canteen facility should be improved ,Wi-fi facility all over college and smart boards in classrooms should be available

College should come up with at least basic facilities towards staff ,students and infrastructure wrt other competing colleges.

Support of ICT tools to conduct lectures effectively

Mini project introduced in the third semester require proper orientation.  
Android/Mobile device computing ignored in the syllabus

--

Nil

NIL

Novel teaching-learning equipment may be introduced

college has to provide proper canteen facility to at least students admission is really gets affected because of this reason.

Classroom teaching aids / projector fitting

This is one of the top colleges in Mumbai for quality education in engineering. But infrastructure can be improved.

(DR. S. S. RATHOD)  
PRINCIPAL

Overall satisfactory.

Kindly provide Wi-Fi facility for faculty without it it is very difficult to implement ICT techniques ,learn new technologies and upgradation of knowledge.

None

Need better ambience in the classroom, and well equipped laboratory .

Hygienic washrooms, acknowledging the emails by college officers when received.

More focus on curriculum design and good industry connect

NONE.

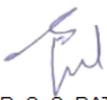

- 1.Infrastructure development and maintenance.
2. Provide Good learning resources and excellent labs

The information needed by Indian educational organizations(e.g. NAAC, NBA etc.) should be centralized. While preparing for a report, faculty members constantly looking for data, which deters them from accomplishing the actual work of teaching, research work and advancing knowledge through higher studies.

.

# STAKEHOLDER FEEDBACK REPORT

## 2021-22

### Report on Stakeholders Feedback

### (Students, Parents, Teachers, and Alumni)

Sr. No.	Name	Details
1	Feedback on <b>Students, Parents, Teachers, Alumni 2021-22</b>	Feedback was taken from <b>Students, Parents, Teachers, Alumni</b> on various parameters.
2	Academic Year	2021-22
3	Mode of Data Collection	Online through Google form

Feedback was taken online through google form from **students** to gauge their level of satisfaction on various issues related to academic progress, performance, facilities provided by the institute.

The students seemed quite satisfied on course coverage by the faculty members in the class and teaching and mentoring process in the institute. Students Thanked to every faculty teacher who gave their best for their betterment.

But at the same time, they suggested that they need more involvement in sports area, Canteen food is expensive. Wi-Fi, xerox and printer facility should be provided to the students.

### Suggestion/Comments by Students

1. All topics are covered thoroughly in each subject.
2. Elevator facilities should be improved.
3. Very good teaching.
4. Mechanical department doesn't have printer facility while the other branches have. Please provide us with a printer. Also, the xerox machine doesn't work. Too much inconvenience. There should be a stationary shop inside the college.
5. According to my point of view, the faculty should explain higher technical terms or difficult terms in a simple way.

  
(DR. S. S. RATHOD)  
PRINCIPAL

6. There is no clock available in most of the examination hall, if there will be one available in class may help students in their examination.
7. More use of projectors and Computers rather than theory lectures.
8. If more mentorship on Main mini project is provided, it will be beneficial for all students.
9. Thank you to every faculty teachers who gave their best for our betterment.
10. Drinking water needs to be maintained.

Feedback was also taken from **alumni** to strengthen the bond between college and alumni and also involve them in various college activities

### **Suggestion/Comments by Alumni**

1. More practical and hands-on experience in latest technologies. Case studies and demonstrations on recent happenings will help educate students better.
2. Include more opportunity for internships of 6 months which will help students perform at par with everyone who is a fresher.
3. College campus should have good infrastructure with good laboratories and should give proper practical knowledge with proper equipment.
4. Better Placement training & opportunities by encouraging talks by industry leaders especially during Crescendo / other times of academic year 3. Reduce mandatory 75% attendance for capable students.
5. Provide more on campus internship opportunities to students from second/third year itself for better industry exposure. Start with more coding clubs and coding competitions.
6. Include more technologies that are used by the industries in the curriculum.
7. The infrastructure can be improved and the sports facilities can be improved. The studies part is OK.
8. Need to really know the purpose or learn more values of what we study in curriculum. Some interest building while lectures where subjects are boring, where it can be included a little off topic of the academic scope and joining in the life perspectives which would make the time more enjoyable.

  
(DR. S. S. RATHOD)  
PRINCIPAL

9. More focus on competitive programming, system design.

10. Renovation of college campus

Feedback was collected from **parents** on issues related to academic progress and performance of their ward

### **Suggestion/Comments by Parents**

1. Tying up with organisations and ensuring two months of practical work experience for the students in the area of their interest can help students understand their potentials/liking in that field and decide their growth path.
2. There should be more parents interactions regarding their wards performance. Students should be given more practical experience and industrial visit.
3. More emphasis on applied and project-based learning under teacher's guidance
4. I understand that syllabus for the semester examination is not completed before time. Modules are left incomplete and proper notes are also not provided. Students have to slog during the exam week searching for notes. Some professors do not even provide important questions even after leaving half of the syllabus incomplete. Suggesting you to kindly look into this matter.
5. Proper canteen facility should be given to students
6. Bring more good companies for placement

The feedback was collected from **teachers** on the basis of series of parameters. These parameters are based on their academic progress, resources of college which were used for fulfilling their research and academic requirements. This feedback helped in finding out the needs of teaching faculty so that improvements can be implemented from the next academic year which can lead to optimum utilization of resources.

  
(DR. S. S. RATHOD)  
PRINCIPAL

### **Suggestions/Comments by Teaching Faculty.**

1. Classrooms and Labs should be equipped with smart boards. AC in Labs should be upgraded because most of the labs AC are very old and making noise and not working properly.
2. More industry support for projects.
3. Better cleanliness in the washrooms is required.
4. Canteen facility needs to be improved.
5. Kindly provide Wi-Fi facility for faculty without it, it is very difficult to implement ICT techniques, learn new technologies and upgradation of knowledge.
6. Institution must provide financial assistance for attending/participating in workshops/ conferences.
7. This is one of the top colleges in Mumbai for quality education in engineering. But infrastructure can be improved

# STAKEHOLDER FEEDBACK

## ACTION TAKEN 2021-22

### Action taken on students, parents, teachers and alumni feedback

Sr. No	Attributes	Action Taken
1.	Utility of courses covered in the program to perform industry jobs and pursue higher studies. And adequacy of the syllabus to upgrade hardware and software skills.	Curriculum gap identified by the consultation with academic and industry experts and suggestions for inclusion in next syllabus revision. And conveyed to the Mumbai University to enrich students with more practical knowledge.
2.	Enhancement of technical and analytical skills to cope with advanced tools/simulations used in the industry.	Many technical events/workshops/ seminars/ guest lectures/Industrial visits are organized in college to refine technical knowledge of students.
3.	Relevance of skills and knowledge acquired during execution of practicals, BE projects and mini projects in Industry and adequacy of current Industry-Institute Interaction	Real life projects and assignments, project-based learning, alumni seminar, mini projects, technical session on core subjects like competitive coding, advance programming, simulation on arena are given to students to enhance their technical skill
4.	WiFi, on every floor, printer and Xerox facilities	WiFi Installation in every floor is in process.
5.	Canteen facility / food.	Informed Canteen regarding food quality.
6.	Clock availability in the examination hall.	Conveyed Examination Cell.
7.	Drinking water maintenance.	Cleaning of water filter is done on regular basis.
8.	Cleanliness in the washrooms	Washrooms are cleaned twice a day in order to maintain proper hygiene and cleanliness.

**Subject : Identification of Curriculum gap in the Subjects of Computer Engineering.**

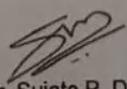

Respected Sir,

The staff Members of Computer Engineering Department , Fr.CRCE have identified the following Curriculum gap and hence suggest you to include the following Topics in the Revised Syllabus(R-2022/23) in order to bridge the Curriculum gap.

Sr.No	Subject code	Subject name	Curriculum Gap	Faculty Name
1	CSC304	DLCA- DIGITAL LOGIC AND COMPUTER ARCHITECTURE	Concepts of Sum-of-Product and Product-of-sum, K-Map, Counter design using flipflops	Prof. Heenakaasar Pendhari
2	CSC403	DBMS	Database System Architectures-like distributed, Cloud based etc.	Dr. Sujata Deshmukh
3	CSC504	DWM	Data Mining Trends and Research frontiers	Dr. Sujata Deshmukh
4	CSC502	SE	Tools used in industry for change and version control, and for software Testing	Dr. B.S. Daga and Prof. Ashwini Pansare

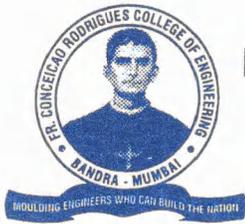

Thanking you in Anticipation.

Yours Sincerely

**Subject : Invitation as Guest Speaker for our Third Year  
B.E. Computer Engineering Students**

Respected Sir,

At the outset, please accept our greetings.

We will be arranging an online lecture for our Third Year B.E. Computer Engineering students on the topic "**Role of Analytics from Placement Perspective**" as a part of their curriculum.

We would like to invite you as a Guest Lecturer to deliver the session on the above said subject on Monday, 18<sup>th</sup> October 2021 from 11.15 PM onwards.

Your expert talk will certainly help the students to navigate the placement process successfully and understand the areas that needs improvements knowledge on the above subject.

We thank you in anticipation for acceptance of our invitation as a Guest Lecturer.

Thanking you,

With Regards

Dear Madam,

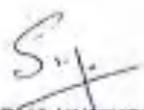

We are very much grateful to you for delivering an informative lecture as guest speaker on "Advance Machine Learning Algorithms" held on 5<sup>th</sup> October 2021 from 12.30 PM for our Third Year B.E. Computer Engineering students.

Your brief talk gave deep insights and clear understanding to the students on the above topic. All the students appreciated and were benefitted from your views on the topic.

We once again thank you for time and efforts in delivering the lecture.

Looking forward for similar association with you in future.

Best regards,

**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING**  
**Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050.**

**MINUTES OF THE HODs MEETING HELD**  
**ON 12<sup>TH</sup> MAY 2022 AT 02.30 PM IN PRINCIPAL'S ROOM**

.....

**MEMBERS PRESENT:**

1. Dr. Srija Unnikrishnan (In the Chair)
2. Dr. Bhushan Patil
3. Dr. Sapna Prabhu
4. Dr. B.S. Daga
5. Dr. Jagruti Save
6. Dr. Hemant Khanolkar
7. Mr. Mahesh Sharma

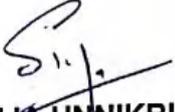

Principal welcomed the members.

The following points were discussed:

1. Subject allocation for the coming Semester will be done by 20<sup>th</sup> May 2022 to give sufficient time to faculty for preparation of new subjects. Only the final year Institute level Electives have to be kept pending as the list is not received from UOM.
2. HODs will work out the seating arrangement for their respective department faculty, as per the Institute level seniority. The new arrangement can become effective from 1<sup>st</sup> June 2022.
3. Prof. Dileep C.C. will take over from Prof. Archana karandikar, the co-ordinator position for Bluestar Scholarships.
4. Members discussed and finalised the following proposals to be submitted for management approval as per Institute level meeting discussion :
  - Replacement of Coolers / Purifiers.
  - ACs to be replaced on priority.
  - Use of closed washrooms on each floor.
  - ERP modules to be procured
5. HODs will follow-up the submission of online feedback by SE, TE and BE students.

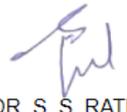

There was no other item for discussion.

Principal thanked members for attending the meeting and their active participation.

**MINUTES OF THE HODs MEETING HELD  
 ON 10<sup>TH</sup> FEBRUARY 2022 AT 02.00 PM IN PRINCIPAL'S ROOM**

**MEMBERS PRESENT:**

1. Dr. Srija Unnikrishnan (In the Chair)
2. Dr. Bhushan Patil
3. Dr. Sapna Prabhu
4. Dr. B.S. Daga
5. Dr. Jagruti Save
6. Dr. Hemant Khanolkar
7. Mr. Mahesh Sharma

Principal welcomed the members.

The following points were discussed:

1. As part of readiness for starting offline practicals for SE and TE students from 14<sup>th</sup> February, members discussed the schedule and venues for conducting online lectures and offline practicals.
2. For SE, TE and BE Classes, it was decided to conduct Unit Test I for online and Unit Test 2 offline.
3. After Unit Test 1, all classes (theory and practicals) will be held offline for SE, TE and BE from 7<sup>th</sup> March 2022.  
 For FE, Semester II, starting from 28<sup>th</sup> March 2022 will be offline.  
 Notice regarding the same will be issued by the office.
4. Principal told HODs to prepare department Academic Calender for the current Semester, including mentoring sessions schedule.
5. Department Newsletter will be published by departments by the end of the Semester.
6. Every department will organise one FDP in the current Semester.
7. Principal reminded HODs that all faculty have to take the AICTE Course on Universal Human Values, in rotation.
8. Principal informed members that Director has approved the proposed faculty structure from 2021-22 and that transfer letters will be issued accordingly.
9. Each department will identify possible grants for infrastructure / project development and submit proposals for the same.

There was no other item for discussion.

Principal thanked members for attending the meeting and their active participation.

**MINUTES OF THE HODs MEETING HELD**  
**ON 31<sup>ST</sup> JANUARY 2022 AT 02.00 PM IN THE CONFERENCE ROOM**

**MEMBERS PRESENT:**

1. Dr. Srija Unnikrishnan (In the Chair)
2. Dr. Bhushan Patil
3. Dr. Sapna Prabhu
4. Dr. B.S. Daga
5. Dr. Jagruti Save
6. Dr. Hemant Khanolkar
7. Mr. Mahesh Sharma

Principal welcomed the members.

The following points were discussed:

1. Dr. Bhushan Patil informed members that all papers of ICAC<sup>3</sup>21 are accepted by IEEE. After the papers get uploaded on IEEE Explore, we can apply for Scopus Indexing.
2. Members discussed starting of offline classes. Since FE Semester I classes are almost ending and the Semester is short, it was decided to continue the same online. Most of the BE students are doing online internship alongwith regular classes. So it was decided to continue BE classes online. SE & TE students will be called to campus twice a week for practical sessions from 14<sup>th</sup> February, 2022.  
Revised Time-table for SE and TE Classes will be made accordingly. FE Semester 2 classes, starting from 28<sup>th</sup> March 2022, will be held offline.  
Notice will be issued to the students accordingly. Also, students will be asked to mail their Vaccination Certificates to the respective class teachers.
3. Mr. Sharma informed members that Quotations for desktops, projectors and workstations have been obtained. Mr. Anthony will arrange for technical and commercial negotiation meetings.

There was no other item for discussion.

Principal thanked members for attending the meeting and their active participation.

MINUTES OF THE HODs MEETING HELD  
ON 1<sup>ST</sup> DECEMBER 2021 AT 02.00 PM IN THE PRINCIPAL'S ROOM

\*\*\*\*\*

**MEMBERS PRESENT:**

1. Dr. Srija Unnikrishnan (In the Chair)
2. Dr. Bhushan Patil
3. Dr. Sapna Prabhu
4. Dr. B.S. Daga
5. Dr. Jagruti Save
6. Dr. Hemant Khanolkar
7. Mr. Mahesh Sharma

Principal welcomed the members.

The following points were discussed:

1. Members went through the minutes of the previous meeting and approved the same.
  - Dr. Jagruti Save said that after ICAC<sup>3</sup> '21, she will follow up the mail on Intel Unnati Programme.
  - HODs said that they are keeping track of the UHV (Universal Human Values) Courses offered by AICTE from time to time. Staff will be asked to complete the same as per their academic schedule.
2. Laboratories and Classrooms have to be maintained by the respective departments. HODs will prepare weekly schedule for upkeep of the same.
3. Principal informed members that newspaper advertisement for appointment of faculty on adhoc basis for Mathematics and Computer Engineering has been released today.
4. It was decided to start Direct Second Year Classes after CAP Round II reporting, from 16<sup>th</sup> December 2021. Initially, time-table will be made till regular classes start from 10<sup>th</sup> January.
5. Dr. Khanolkar said that temporary FE Time-table, with only theory classes is ready.
6. Principal told HODs to expedite the scrap process and also the purchase of capital equipments required for 2021-22.  
Mr. Sharma will put common indent for Computer purchase, as per approved budget, for all units and departments in CRCE. Members approved the proposed configuration.
7. Dr. Bhushan Patil will take care of removing the fitting benches behind CNC Lab on the ground floor.
8. The no. of respondents for Semester feedback from TE and BE classes, across departments, is very low. Mr. Sharma said that feedback link is still open. HODs will instruct students to submit their feedback.

...2/-

  
(DR. S. S. RATHOD)  
PRINCIPAL

9. HODs will send subject allotment to Mr. Sharma, if not already sent to activate Second year feedback.
10. Dr. Sapna and Dr. Bhushan Patil said that practical sessions for SE students, in batches have been scheduled.
11. Dr. Sapna said that meeting of faculty in-charges of Interest groups (ML, IOT & Robotics) will be scheduled so that these Interest groups can be launched in the beginning of next Semester.
12. HODs will explore the options for grants and financial support schemes relevant to their respective departments..
13. Dr. Sapna informed members that the next Alumni Meet is scheduled on 8<sup>th</sup> January 2022. She asked Dr. Bhushan to identify useful equipment for Mechanical Engineering Department that can be procured from Rs.1.25 lakhs donated by the 1994 Production Engineering batch.
14. Members discussed time-table framing for the next semester, assuming that the hybrid mode of conduction\$ of classes will continue. Regular on-line class time-table will have theory and practical slots.  
In addition, offline practicals / workshops sessions will be arranged for interested students.

There was no other item for discussion.

Principal thanked members for attending the meeting and their active participation.

**MINUTES OF THE 39<sup>TH</sup> MEETING (ONLINE) OF THE GOVERNING COUNCIL  
HELD ON 5<sup>TH</sup> JUNE 2021 AT 11.00 A.M.  
OF FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING**

---

**Members Present:**

1. Rev. Fr. Saturnino Almeida (In the Chair)
2. Rev. Fr. Peter D'Souza
3. Rev. Fr. Valerian D'Souza
4. Dr. P. A. Mahanwar ..... Vice Chancellor's nominee
5. Dr. R. Sessa Iyer
6. Dr. S.M. Khot
7. Mr. P.N. Jumle
8. Mr. Pascal R. Lopes
9. Mr. George Menezes
10. Dr. Sunil K. Surve
11. Mr. Dileep C.C.
12. Dr. Srija Unnikrishnan – Principal / Secretary

Chairman, Rev. Fr. S. Almeida, extended a hearty welcome to the members.

Rev. Fr. Peter D'Souza greeted members on the 'World Environment Day' and added that education should make students sensitive to ecology. He asked Principal to proceed with the agenda items.

**Item No.1 : Confirmation of the Minutes of the 38<sup>th</sup> Meeting held on 24<sup>th</sup> April, 2019:**

The minutes were mailed to the members, soon after the last meeting. Principal informed members that issues that needed follow up, are listed in Item No.2 i.e.: Action Taken Report.

The minutes of the meeting were approved.

**Item No.2: Discussion on the action taken report on the minutes of the last meeting:**

- Principal mentioned that closing marks of admitted students have improved after changes were made in the offered courses –Electronics and Computer Science in place of Electronics Engineering and Mechanical Engineering in place of Production Engineering.
- Since PG admissions were on the decline, we have closed M.E. in Electronics Engineering. We are continuing M.E. in Mechanical Engineering, to take care of continuity of Ph.D. affiliation.
- Regarding promotion of Internships, Principal said that even in the current situation, many students are pursuing online internships in reputed companies like TCS, UBS, Interactive Brokers, Carwale, Cognizant, Xoriant, Capgemni, Quantify, Accenture etc. Internship Expo is held every year where companies come to campus and students can approach companies of their interest for internships. This year, the expo was held online with participation from 15 companies.

  
(DR. S. S. RATHOD)  
PRINCIPAL

- Each department is developing one Centre of Excellence. Computer Engg. and IT in Machine Learning, Electronics and Computer Science in IOT and Mechanical Engg. in Robotics and Automation. MODROB grants will be used for the purchase of initial set ups.
- Principal mentioned that, through college, two firms - Bluestar and Stulz-CHSPL foundation is giving scholarship to students. Also, needy girl students are mentored and given graded financial support by NGO Katalyst.

**Item No.3: Progress Report for the Academic Year 2019-20 & 2020-21:**

**a) Details of Admissions and Enrollment**

- Principal explained the changes made in the UG Academic structure in the last two academic years. Two new courses were started - Mechanical Engg. in 2019-20 and Artificial Intelligence and Data Science in 2020-21. Electronics Engg. programme was changed to Electronics & Computer Science in 2019-20. Computer Engg. intake was increased to 120 from 60 in 2019-20, following the merger of Computer Engg. with IT. Production Engg. course was closed in 2020-21. From 2019-20, the UG intake is increased to 300 from 240. M. E. Electronics Engg. course is closed from 2019-20.

- Members noted that the closing marks of students admitted under CAP quota was high, across branches. Most of the first year vacant seats got filled in the next year Direct Second year admission. For Institute level seats, 554 and 738 candidates applied respectively in 2019-20 and 2020-21.

Following the trend across the country, only one seat each was filled in M.E. Mechanical Engg., in 2019-20 and 2020-21. There were no fresh Ph.D admissions in 2019-20 and 2020-21. Principal informed members that Ph.D admission process for the year 2021-22 has been initiated.

- Fee Regulatory Authority (FRA) had sanctioned increase in UG fees - Rs.1,46,500 (2019-20) and Rs. 1,50,000 (2020-21).

**b) Financial Assistance / Scholarships:**

In addition to Govt. and trust scholarships, in 2020-21, 23 students received industry sponsored scholarships, through college.

**c) Results of University Examinations - May 2019 and May 2020**

Principal presented the final year result analysis of May 2019 (offline exam) and May 2020 (online exam). Majority of the students had passed in First class with Distinction.

**d) Placement details: 2019-20 & 2020-21**

Placement statistics for 2019-20 & 2020-21 (till 31<sup>st</sup> May 2021) was presented. Principal added that the placement process for 2020-21 batch is in progress. As per the recruitment results from Browserstack received on 4<sup>th</sup> June, 4 students got selected with CTC of Rs.15.6 LPA. Another 5 companies are in the pipeline.

...3/-

  
(DR. S. S. RATHOD)  
PRINCIPAL

Principal informed members that 3 students from the 2022 batch have already been placed.

Dr. Iyer suggested that in addition to maximum and minimum salary figures, median salary be also presented.

**e) Extra Curricular and Co-curricular activities:**

Gist of Technical, Sports, Cultural and Societal activities of the last two years was presented, highlighting major events. In 2020-21, the events were successfully held online, with wider participation from across the country.

**f) Minutes of the College Development Committee Meetings held on 3<sup>rd</sup> December 2019 and on 2<sup>nd</sup> March 2021:**

Principal apprised members that two CDC meetings were conducted after the last Governing Council meeting.

**g) Department Progress Reports:**

Department reports were presented, giving details of publications and NPTEL/Coursera certifications of faculty and students, FDPs and STTPs attended by faculty as well as Guest lectures, departmental activities and achievements.

Principal mentioned that to facilitate MOOC courses for faculty and students, college has taken Coursera Institutional membership and is an NPTEL nodal centre.

**Counseling, Feedback and Appraisal:**

Principal briefed members of the Counseling, Feedback and Appraisal mechanisms in place.

Dr. Khot suggested looking into 360 degree feedback in view of 7<sup>th</sup> pay implementation.

**Institute Innovation Council (IIC):**

IIC-CRCE has been very active in 2019-20 and 2020-21, with focus on activities to create a vibrant local innovation ecosystem. In 2020-21, the chapter received 4.5 stars out of 5 for its annual performance, in the appraisal by MHRD.

**h) Achievements 2019-20 and 2020-21**

Principal presented the major achievements of the last two years – Extension of NBA accreditation till June 2023, NAAC accreditation, NIRF ranking among the top 300 Engineering institutes in the country, two first positions in Smart India Hackathon, rankings of project groups and individual faculty and student achievements.

**Item No.4 : To consider and approve:**

**i) Audited Accounts for the year ended 31-3-2019 & 31-3-2020**

**ii) Budget for the year 2021-22**

Principal requested Ms. Christina Simon, Finance officer, Fr. Agnel Complex, Bandra, to present the audited accounts of last two years and the proposed

...4/-

  
(DR. S. S. RATHOD)  
PRINCIPAL

budget for 2021-22. She briefed members of the major heads of income and expenditure. For 2021-22, Rs. 4 lakhs has been earmarked for IIC activities and implementation of New Education Policy. Dr. Iyer suggested inclusion of Revised budget (as of In December).

	Budget Estimates 2021-22 (Rs. in lakhs)
Revenue Income	2,020.00
Revenue Expenditure	2,108.74
Capital Expenditure	120.00

**Item No.5: Approval of National Innovation and Start up Policy (NISP)**

Principal invited Prof. Swati Ringe, NISP coordinator, to present the proposed NISP policy. She presented the recommended guiding framework for faculty and students. Dr. Mahanwar suggested extending laboratory facilities of the institute to start-ups, on chargeable basis. Prof. Swati said that she will include the same in the policy. Members approved the proposed NISP policy.

**Item No.6: Any other matter with the permission of the Chair**

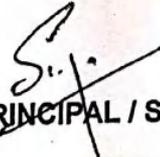

Dr. Iyer enquired about eligibility for further NBA accreditation, since most of the courses are new. Principal replied that only Computer Engineering. will be eligible to apply for the same.

Principal mentioned that it is a matter of pride for CRCE that 1995 Computer Engineering. batch Alumni, Ms. Shareen Krasta Kitterman, recently became US Diplomat. A small video of Ms. Shareen, explaining her journey from her humble background to this position was played. Since the audio was not clear, Principal promised to share the same on mail to all members.

There were no other items for discussion.

Fr. Valerian made the concluding remarks and expressed gratitude to the members for their active participation and valuable inputs.

The meeting ended with Vote of Thanks to the Chairman and the members.

  
PRINCIPAL / SECRETARY

  
CHAIRMAN

  
(DR. S. S. RATHOD)

Item No.2 : Discussion on the action taken on the decisions made in the last meeting:

Minutes

- (i) Dr. Iyer suggested that in addition of maximum and minimum salary, medium salary be also presented
- (ii) Dr. Khot suggested looking into 360° feedback in view of 7<sup>th</sup> Pay implementation
- (iii) Dr. Iyer suggested inclusion of Revised Budget (as of in December)
- (iv) Dr. Mahanwar suggested that extension of laboratory facilities of the institute to start-ups, on a chargeable basis be included in the NISP policy

Action Taken

This has been included in the report.

For 2021-22, 360° feedback as given in the University Circular is used for appraisal

It was decided in the LCM not to have the policy of mid-year revision of budget. Any extra-ordinary expenditure required, will be considered separately.

This was incorporated

**MINUTES OF THE MEETING OF THE  
COLLEGE DEVELOPMENT COMMITTEE HELD ON  
30<sup>th</sup> MARCH 2022 AT 02:30 PM IN THE CONFERENCE ROOM OF  
FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING**

.....

The following members were present:

1. Fr. Valerian D'Souza (in the Chair)
2. Fr. Eleuterio Fernandes
3. Fr. Trevor Pereira
4. Fr. Joe Pereira
5. Mr. James Maslamani
6. Dr. Kushal Tuckley
7. Dr. Sapna Prabhu
8. Dr. Sunil Surve
9. Dr. Bhushan Patil
10. Dr. Jagruti Save
11. Ms. Garima Tripathi
12. Mr. Deepak Galkwad
13. Mr. Ninad Shetty
14. Mr. Taransingh Rajpal
15. Dr. Srija Unnikrishnan – Member Secretary

Fr. Saturnino Almedida was unable to attend the meeting. In his absence, Fr. Valerian D'Souza presided over the meeting. He greeted and welcomed all members to the meeting.

Since there were new members, Fr. Valerian requested members to self introduce.

Fr. Valerian asked Principal to take the meeting forward as per the agenda.

**Item No.1 : Approval of the minutes of the College Development Committee meeting held on 2<sup>nd</sup> March, 2021:**

Members went through the minutes of the meeting and approved the same.

**Item No.2 : Academic Calendar for the current Academic year 2021-22:**

Academic calendar for 2021-22 was presented in the report. Principal informed members that the odd semester classes and examinations were held online. Mechanical Engg., Production Engg. and ECS students were called to the campus for few workshop and practical sessions, in small batches, as per the Covid 19 protocol.

The even semester started with online classes. After Unit Test 1, all classes and practicals are being held on campus. University has announced that end semester exams to be held in May-June 2022, will be held offline.

**Item No.3 : Admissions details 2021-2022:**

Members went through the admission figures and fee structure.

...2/-

  
(DR. S. S. RATHOD)  
PRINCIPAL

Principal mentioned that our admissions were comparatively very good with few vacancies in Mechanical Engg. and ECS. This year, across Maharashtra, Mechanical Engg. admissions had a setback. Also, because of the delay in admission procedure, PG admits were affected.

In direct second year, all regular seats and first year vacancies got filled.

**Item No.4 :** **Review of University Examination Results -May 2021**  
The final year pass percentage, across branches, was 100%, with all candidates scoring CGPA of 7.75 and above, for 7<sup>th</sup> and 8<sup>th</sup> semesters.

**Item No.5 :** **Achievements 2021-22**  
Members were happy to note the institute achievements and performance of project teams in their respective national/international competitions, in spite of the challenges posed by Covid 19.

Principal mentioned that few days back we received notification of approval of Scopus Indexing of all papers presented in our international Conference, ICAC3 21. The papers have been uploaded in IEEE Explore.

**Item No.6 :** **Extra-curricular and Co-curricular activities:**  
Principal apprised members that in spite of lockdown, the Student council and the various student chapters remained active and most of the regular co-curricular and extra-curricular activities were held online, with the advantage of wider participation from colleges across the country, for inter-collegiate events. After opening up of the campus this month, Convocation of the 2021 batch, Annual Alumni meet, Technical festival, Sports Day and intra-collegiate sports competitions were organized in offline mode. Cultural festival, Euphoria is scheduled from April 6-8.

The Institution Innovation Council (IIC) formed under Ministry of HRD, GOI, organized innovation and entrepreneurship oriented events and is ranked among the best performing IIC chapters in the country.

Mr. James informed that TCS has experts who can provide training in the areas of IP governance and Cybersecurity. He said that Mr. Gaurav Ghelani can be contacted for the same.

**Item No.7 :** **Staff development report 2021-22:**  
Members went through the department wise staff development reports - programmes and guest lectures organized, programmes attended by faculty and list of publications. Faculty could take advantage of the online programmes organized by institutes of repute, across the country.

**Item No 8 :** **Budget estimates for the year 2022-23:**  
Budget figures for the years 2020-21, 2021-22 and budget estimate for 2022-23 were presented. In reply to the query from Dr. Kushal Tuckley, Principal replied that that procurement of capital items budgeted in 2021-22 is under process.

...3/-

  
(DR. S. S. RATHOD)  
PRINCIPAL

**Item No 9 : Placement details 2021-22:**

Members were happy to note that around 88% of interested and eligible students were placed, as of date. Mr. James remarked that in the current circumstances, placement above 80% is excellent.

**Item No 10 : Closure of B. E. Production Engineering from the A.Y.2020-21 and M. E. Electronics Engineering from the A.Y. 2019-20:**

Principal informed members that AICTE approval for the progressive closure of the above mentioned courses has been obtained. Closure approval from University of Mumbai is pending.

The PG course in Electronics Engg. was closed as allotted seats were not getting filled. The UG course in Production Engg. was closed in lieu of new course in the emerging area ie: B.E. (Artificial Intelligence and Data Science) with the same intake, as permitted by AICTE.

**Item No 11 : Any other items with the permission of the Chair:**

In general, members discussed the Engineering education scenario. Fr. Valerian spoke about the need for change in perception of students towards core courses. Dr. Bhushan Patil added that core manufacturing industry is now picking up. Dr. Surve said that surge in demand for experts in Robotics and Automation is expected. Dr. Bhushan informed that Prof. Sudhakar has been involved in framing the syllabus of 'Robotics and Automation' for the Minor/Honours degree offered by University of Mumbai from A.Y. 2022-23.

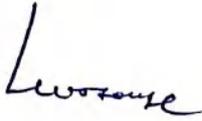

Dr. Kushal Tuckley opined that today students have so many career options. It is necessary to educate them on all topics, so that they can make the right choices based on their interest and skill sets. He added that Alumni can be roped in for the same. Dr. Sapna replied that many of our Alumni are constantly interacting with students as well as giving guidance sessions on upcoming technologies, career prospects in different verticals and placement preparation.

Fr. Joe Pereira remarked that he is impressed by the synergy observed in the institute. Mr. Rajpal, General Secretary of the Student council, thanked the management and staff for their support in the conduct of events.

Fr. Valerian thanked members for their active participation and valuable inputs.

The meeting ended with Vote of Thanks to the Chairman and the members.

**Term End Student Feedback [ Jan - June 2022 ]**

Branch	COMPA
Semester	6
Subject	MOBILE COMPUTING
Name of the Teacher	Dipali K
The Lectures Were Delivered With Authority And Excellent Communication Skill.	4.60
The Subject Was Covered With Apt Depth And Breadth.	4.44
The Real Life Problems And Applications Have Been Presented To Provide The Right Balance Between Theory And Practice.	4.36
The Teacher Effectively Used The Lecture Time.	4.76
The Teacher Has Good Ability To Hold Attention.	4.36
The Lectures Have Been Aimed At Encouraging Independent Thinking And The Ability To Apply Logical Reasoning.	4.44
The Teacher Is Punctual And Has Taken Sufficient Classes To Cover The Complete Syllabus.	4.48
The Teacher Has Been Unbiased In Assessment Of Student Performance And Term-Work.	4.76
Evaluated Term-Work, Assignments, Seminars Provided me a Prompt And Constructive Feedback.	4.52
The Teacher Has Provided Student Counseling Guidance Beyond Academic Requirement.	4.48
In My Opinion, The Overall Rating Of The Teacher Is Good.	4.68

Department of Computer Engineering

Course Code and Name: Natural lang. processing Academic Year - 2021-22  
 (DL08012)

Name of the Faculty: Swati Ringe Branch/SEM - comps/VIII

Part A (Quantitative analysis)			
Note: Faculty can enter appropriate number as remark.			
1 → Needs Improvement    2 → Satisfactory    3 → Good    4 → Very Good    5 → Excellent			
Sr. No	Parameters to be verified	Remarks by faculty	Supporting Document
1	Course Plan and Execution	5	} lecture/lab/MP Plan } Co-Assessment plan } Design based questions/Algo Approach to solve
2	Reference of teaching material	5	
3	Mapping COs with POs and PSOs	5	
4	Effective Delivery Mechanism	4.5	
5	Content Beyond Syllabus	4.5	
6	Quality of UT Question Papers	5	

Part B (Qualitative analysis)			
Note: Faculty can enter Yes or No as remark with proper justification			
7	Course file maintained and verified by domain coordinator and HOD	Yes	CO-Assessment Plan.
8	Innovative teaching and learning process and evaluation method.	Yes.	To ensure learning is happening asked students to select topic of study and topic of project.
9	Students Performance Evaluation Methods, analysis of assessment results and corrective measures.	Yes.	VT1, VT2, Lab expt, Assign, mini project, quizzes, Presentati- -ons.
10	Rubrics created and followed for assessment	Yes.	Lab expt, Assignments, mini project
11	Identifying weak students and method adopted for improvement in the performance.	Yes	Interaction with students in informal way. they were given overall idea behind each phase
12	Resource material available to the students	Yes.	Lecture notes/books pdfs are posted in google classroom. → NLP.

\* For justification supporting documents need to be produced

- lecture notes provided.
- VU papers
- conducted quizzes.

⊗ Every group of 3 need to present for 20/30 mins. for topic of study, and implement real world problem.
