Dear Natasha Lobo,

It gives me great pleasure to inform you that you have been admitted to the Graduate School of Syracuse University. The faculty in Business Analytics has recommended that you be admitted for Fall 2023 as a Master of Science student. When communicating with the University about your admission, please refer to your unique, nine-digit Syracuse University identification number (SUID): 498710128.

We have created a web gateway for newly admitted graduate students that addresses pertinent enrollment information, some of which may require immediate action on your part. I encourage you to visit the [Admitted Graduate Students](#) page at the Syracuse University website as soon as possible.

The credentials that you have presented show your qualification to undertake study and research that will be vigorous, stimulating, and, we trust, rewarding for you. Congratulations and welcome to our graduate community, which has been a vital part of the university since its founding in 1870.

By the end of your first semester of study, you must submit an official transcript from your undergraduate institution which must bear the appropriate signatures and seal of the

institution that issued it and must be received by Syracuse University in a sealed envelope directly from that institution. Unsealed documents which may have been in the hands of students are not considered official. After completion of the first semester of graduate study, the Graduate School may prohibit further registration for any student who has not met this requirement. The hold on registration will only be released when this requirement has been met. If you are a domestic student, in accordance with federal Title IV regulations, financial aid will be disbursed to the student account when all financial aid and admission requirements are met, including receipt of official degree bearing transcripts. Please refer to the [Graduate Admission Transcript Requirement](#) web page for additional information.

Sincerely,

Peter A. Venable, Dean of The Graduate School

What do you enjoy most about living in residence?

ALYSSA

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and

then I also can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

CALEB

I really liked being close to the meal plan food locations along with grocery stores such as Food

Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.

The University reserves the right to apply specific and different fee refund conditions to students enrolled in off-shore programs delivered with the assistance of off-shore partner organisations. Any such specific and different fee refund conditions will be outlined in the letter of offer.

3.6.5 - Program Transfer

If the student transfers from one program to another, the student is liable for the tuition fee related to the new program. Where the student has already paid the tuition fee for the first program, and the new program has a higher tuition fee, the student must pay the additional tuition fee. Where the new program has a lower tuition fee, any tuition fees in credit will be credited towards the remaining tuition fees, or refunded as provided in section 3.10.

3.6.6 - Withdrawal from Course

If the student withdraws from a course but does not withdraw from the program, and the withdrawal is affected prior to the census date (refer to Schedule H), the tuition fee for that course will normally be credited towards the remaining or future tuition fees. Alternatively, on application from the student, approval may be given for the tuition fee to be refunded as provided in section 3.10.

3.6.7 - Withdrawal from course on granting of credit

If a student receives credit for a course in which they are enrolled, the full tuition fee paid by the student for that course will be treated according to section 3.6.6, even if notification of credit approval is received after the census date.

3.7 - Withdrawal in Compassionate Circumstances - Grounds for Refund

Withdrawal in compassionate circumstances may be accepted as grounds for a full or partial refund of tuition fees.

Compassionate circumstances may include but are not limited to:

- serious illness or disability which prevents the student from being able to study; or
- death of a close family member (parent, grandparent, sibling, spouse or child); or
- political or civil event or natural disaster which prevents payment of fees.

These reasons may be accepted as grounds for a full or partial refund of fees for any of the reasons prescribed in section 3.6, provided that adequate documentary evidence is provided to support the application for a refund.

The student may also be eligible for withdrawal without academic penalty.

The process for applying for a refund and withdrawal without academic penalty in compassionate circumstances, including the time period within which an application must be lodged, is set out in the Student Administration Policy.

3.8 - Permanent Residency

3.8.1 If a student provides evidence of becoming a permanent resident of Australia prior to their commencement of study in the program and they subsequently apply for a place as an Australian resident student either as a Commonwealth supported student or a fee-paying student through the normal processes the offer of an international student place will be withdrawn and all tuition fees will be refunded.

3.8.2 If, after commencing study in the program, a student obtains permanent resident status in Australia and provides evidence of permanent resident status prior to the census date, the student will be provided with a domestic fee-paying place.

The student will be eligible for a refund of the difference between the fee as an international student and the fee for a domestic fee-paying student for the period of study in which the residency status changed.

3.8.3 If a student obtains permanent resident status but does not fulfil the conditions set out in section 3.8.2 by the census date, the student will not be eligible for a full or partial refund of tuition fees paid for the period of study in which the residency status changed. On continuing their enrolment in the next period of study, the student will be enrolled as an Australian resident student in a domestic fee-paying place.

3.8.4 A student who is enrolled as a domestic fee-paying student because of a change of residency status may apply for a Commonwealth supported place at the next admission period, provided that the student satisfies the conditions for transfer from a domestic fee-paying place to a Commonwealth supported place, as set out in the *Undergraduate Programs Admission Policy*.

3.8.5 The above processes also apply to an international student who becomes a New Zealand citizen during the course of their study.

3.9 - Remittance of Refund

Students must use the University's online or hard copy refund application form and attach any required supporting documents. In the event that the information provided in the refund application is not complete and further information is required, the processing timeline will not commence until the requested information has been submitted.

All refunds for which students are eligible, with the exception of refunds arising from withdrawal from a course (refer to sections 3.6.5, 3.6.6 and 3.6.7), will be:

- Refunded to the student via the original payment method to the student's home country, less any costs associated with the refund process; or
- Upon application by the student, remitted to another Australian education institution to which the student is approved to transfer, subject to the receipt of documentary evidence from the education institution regarding the student's transfer.

An application by a student for a refund to be paid to them at an Australian address will only be considered in exceptional circumstances.

Student refunds are normally paid to the person or organisation which originally paid the fees unless documentary evidence is available to justify payment to a third party. Refunds cannot be paid until Griffith University is in receipt of the monies into its account as cleared funds.

Any debts to Griffith University must be paid in full or the outstanding amounts will be deducted from the refund which is due.

3.10 - Review of the Refund Assessment Decision

If a student is dissatisfied with the refund assessment decision, the student may forward an application for review of the decision to the Associate Director, International Administration, Griffith International, using the *Review of a Decision* form in accordance with the University's Student Review and Appeals Policy and *Student Review and Appeals Procedures*. The decision of the Associate Director, International Administration is final.

Note: This written agreement, and the right to make complaints and seek appeals of decisions and action under various processes, does not affect the rights of the student to take action under the Australian Consumer Law if the Australian Consumer Law applies.

Dear Atharva Atul Joshi,

Congratulations! I am pleased to inform you that the admissions committee in Computer Science admitted you into their program for Fall 2023 as a Master of Science student. I am doubly pleased to be able to inform you that you have been selected to receive a Graduate Student Grant. This grant will cover 30% of your tuition costs through completion of the master's program in Computer Science. Congratulations on this additional distinction!

Your next step in the admission process is to submit supporting documents as evidence of adequate funding in order to receive your visa forms. You will need to show evidence of having secured sufficient funding for at least the first year of graduate study.

- **Privately sponsored applicants.** Acceptable evidence of such funding consists of a certified current bank statement on official bank letterhead, signed by an authorized bank official, indicating the amount of sufficient funds that exist to meet at least first-year expenses.
- **Government-sponsored applicants.** An original award letter (or a certified copy of an award letter) must be submitted and state the annual amount of the award in U.S. dollars.
- **Educational loans.** Sanctioned loans are acceptable for submission as proof of financial support. Sanctioned loan letters must be accompanied by terms and conditions and clearly indicate the loan as "approved" or "sanctioned." The letter must be in English and on official bank or institution letterhead. The principal of the loan amount given is to be provided in U.S. dollars and include a date of issuance.

All financial documents must be written in English and valid within one year of the start of the semester. When sending documentation of adequate funding, photocopies of financial documents are acceptable, and can be emailed to grad@syrr.edu. Be sure to write your name, date of birth, name of the program you are applying to, and your SUID number 875634411 on all documents you send.

The cost of one year (twelve months) at Syracuse University is determined based on the number of credits your program expects you to take, your living habits, cost of living changes and possible changes in tuition and fees. On the [Cost of attendance for graduate students - Syracuse.edu](#) webpage you will find the "estimated cost" of attendance, including all university costs and living expenses for one year of study.

If you have questions about your admission, please direct them to the Computer Science program department. When communicating with the University about your application, please refer to your unique, nine-digit Syracuse University identification number (SUID): 875634411.

We look forward to receiving your financial documents and welcoming you to our graduate community.

Sincerely,

Peter A. Vanable, Dean of the Graduate School

Delivery mode 2023

We continue to follow government advice to ensure our campuses are safe study environments for all students (as outlined in our COVID Safe Plan), including measures that exceed standards through regular cleaning and building ventilation.

If you're in Australia, you're expected to attend class activities on campus unless an activity is held only online.

Offshore international students

The Australian Government's regulator for higher education, the Tertiary Education Quality and Standards Agency (TEQSA) <https://www.teqsa.gov.au/about-us/news-and-events/latest-news/education-services-overseas-students-esos-national-code-return-compliance>, has announced that all international students who hold an Australian student visa will be required to attend face-to-face learning by 30 June 2023 to ensure compliance with the National Code.

We're committed to the ongoing support of our international students, and understand there may be students who continue to experience barriers to travel to Australia for face-to-face study (for example travel restrictions in their home country).

After 1 July 2023, there will be no online course options available. If you're unable to travel to Australia by then:

- New / commencing student: you can apply for deferment.
- Enrolled / current student (in an eligible course available online, check <https://www.monash.edu/students/coming-to-campus/to-do/courses-online>): you can study online until 30 June 2023, then you can apply for intermission (under compassionate or compelling circumstances) to allow more time to organise your travel to Australia. See more information about applying for intermission at <https://docs.google.com/document/d/1hPtz8Hx6WD-Ym5ME9bzzL0VppbHG864IBUWldJ2lcg/edit#bookmark=id.pgs6m03h9m38> If you're due to complete your eligible online course by 31 December 2023, you can remain studying online until the end of the year.

We ask all students currently offshore to let us know their plans by completing the My Plan form at https://monash.az1.qualtrics.com/jfe/form/SV_8I9zvJCVfH0AvvW?jfe=old

We look forward to welcoming all of our students back to our campuses. We'll continue to update the Monash community accordingly and you can visit our COVID-19 fact sheet at <https://www.monash.edu/news/coronavirus-updates> for more information.

All students who apply to Monash University or Monash College must disclose their complete academic history and provide academic documentation for all qualifications previously undertaken. This offer will be rendered INVALID if you undertake any further academic studies between the date of your last qualification and commencement at Monash University. In the event where you have failed to disclose your full academic history, Monash University or Monash College may withdraw this offer and cancel your enrolment at any time as per item 2 of our Offer Terms and Conditions. Additional results or any revised transcripts of attempted studies should be forwarded to Central Admissions, Monash University for review.

You will be issued with a Monash award upon successful completion of the course. If you intend to rely on this award for entry to a specific professional institution,

5. Tuition and non-tuition fees

Tuition fees amounts in this section are referring to the **amount of tuition outlined in Part A of your Agreement**. If the tuition fees amount is zero, you should still be aware of the terms and conditions concerning fees at Monash.

- 5.1. Formal acceptance of this offer involves paying a tuition fees deposit when required and, where applicable, an administration fee, by the offer expiry date along with the signed return of this offer. You must indicate the amounts to be paid for tuition and other items in Part A of this Agreement (this may be pre-filled for you if your ISCA can be accepted online), and provide proof of payment of these amounts to Monash. If the minimum required payments are not made by the offer expiry date, this offer will expire and a further offer may not be made to you. Payments made for expired offers will be handled by the Monash refund procedures as set out in this Agreement.
- 5.2. If there is a balance due for tuition fees for the commencing teaching period, Monash will invoice you for the balance of that teaching period's fees and any other relevant fees after enrolment. Tuition fees for teaching periods will be invoiced as per the dates listed here:
<https://www.monash.edu/students/admin/fees/payment/dates>. If you are receiving a sponsorship or scholarship from an organisation other than Monash that covers all or part of your tuition fees, your tuition fees will be invoiced to your sponsor or scholarship provider. You must provide a financial affidavit or guarantee from your

INTERNATIONAL STUDENT COURSE AGREEMENT

sponsor or scholarship provider as part of acceptance of this offer. Financial affidavits or guarantees must be in English.

- 5.3. The tuition fees set out in Part A will not change except in accordance with this Agreement.
- 5.4. Monash generally sets course fees for the upcoming calendar year, six (6) months in advance. Therefore if you are not scheduled to commence your course in the calendar year shown in Part A, or arrange to defer your course commencement date, your tuition fees may be different to the fees set out in this offer. To determine the exact tuition fees for your commencing intake, you can check the updated amount for your course at <https://www.study.monash/courses> or <https://www.monash.edu/study-abroad/inbound/before-you-arrive/financial-information> once they have been published. You will be charged for any difference between the tuition fees in Part A and the actual updated tuition fees for your commencing year after enrolment.
- 5.5. The tuition fees quoted in Part A are based on the calendar year stated and for a standard 1.0 Equivalent Full-Time Study Load (EFTSL) of 48 credit points per year. Any student enrolled in more or less than 48 credit points per year (e.g., intensive courses or exemptions) will be invoiced in accordance with their study load. Students will be invoiced for the total value of enrolled units at the start of the relevant teaching period.
- 5.6. Monash reserves the right to adjust tuition fees for future years of your course. Adjustments will be applied on the first day of January each year for teaching periods with a census date thereafter.
- 5.7. If you are awarded and accept any credit exemptions towards your course **after** you have accepted this offer, the tuition fees and the duration of your course will be adjusted proportionally for the credit points/load of your enrolment. You will be issued with new CoE if your course duration has changed as a result of the awarded credit.
- 5.8. If you withdraw from all studies at Monash, and subsequently want to continue your Monash course, you will be required to re-apply for entry to the course. Future offers are not guaranteed, and will be subject to a new ISCA being entered, which will contain new tuition fees.
- 5.9. If you choose to pay more than the minimum tuition fees deposit and/or if the tuition fees paid exceeds your actual teaching period tuition charge because of your enrolment load, you authorize Monash to allocate that overpayment towards your next teaching period's tuition fees. Dear Palak,

Congratulations! Based on the recommendation of the Engineering, SCM - Innovation Management and Entrepreneurship (PRIME) program, your admission to the Graduate School beginning Summer 2023 has been approved.

Graduate studies are an exciting and significant undertaking, and Brown University is an excellent place to develop expertise. In addition to having the facilities and resources of an Ivy League university, you have the opportunity to expand your knowledge in a highly stimulating environment with outstanding researchers and scholars.

While this letter spells out some of the details of admission, you may have some additional questions. For academic matters, please feel free to contact the Director of Graduate Studies in the program. For financial matters, review the [tuition and fee information](#) on the Graduate School website as well as the number of courses expected each semester in your master's program to calculate your anticipated tuition costs. Please note this does not include mandatory fees, health insurance or personal living expenses (rent, food, books, supplies, transportation). For more information, and to access a cost-of-attendance calculator, please visit the graduate student pages of the [Office of Financial Aid website](#).

Graduate students who are not U.S. citizens or a permanent resident of the United States are required to document their ability to meet all anticipated expenses for the academic year. Proof of ability to meet all costs is best provided in the form of bank certificate that indicates the current availability of the required amount in U.S. currency or funds easily convertible to U.S. dollars. You will receive emailed instructions on how to send this information once you have accepted our admission offer. The adequacy of your financial arrangements is subject to reviews by University authorities, and by the U.S. consulate at the time of your visa application. When satisfactory certification is presented, the appropriate entry form (I-20 or DS-2019) will be issued to you. If applicable, support for your spouse and children will likely add \$5,000 for each person to your annual expenses. Health insurance is required for all Brown students and may be purchased from the University; extra coverage is available at additional cost for any spouse and/or children.

Graduate students who are U.S. citizens or permanent residents may be eligible to borrow through the Federal Direct Loan Program (including Stafford and Graduate PLUS loans). The University has an installment payment plan (allowing for billed costs to be spread out over time), a student employment database (provided your

BROWN

program does not restrict you from working), and links to outside fellowship/scholarship resources.

On or before **March 3, 2023**, please inform us of your decision concerning our offer of admission. To do so, complete the [electronic response form](#) on your application status page. Please note that a non-refundable deposit of \$1000 (via credit card) is required at the time of submitting your acceptance to this program. The deposit will be posted to your student account toward tuition and fees.

I congratulate you and hope you will choose to join us here at Brown University.

Sincerely,

Tuition Guarantee

In order to provide you with the ability to plan for the financial requirements of attending the University of Alberta beginning in September 2023, we are pleased to provide you with a tuition guarantee for your program. Your guaranteed total tuition amount for a standard length Master of Science (course-based) degree is \$25,948.80 CAD (Canadian Dollars).

2023 Cohort Master of Science (course-based) Tuition Summary Chart		
Year 1	Year 2	Total
\$12,974.40 + fees*	\$12,974.40 + fees *	\$25,948.80 + fees*
*Fees in addition to tuition are estimated at \$1,900.00 CAD per year, but are subject to approval and change in accordance with University of Alberta policies and procedures.		

Please note the following important points related to the above tuition guarantee:

- This guaranteed rate is only applicable to tuition, and does not include other fees associated with the cost of your program, such as Mandatory Non-Instructional Fees, textbooks, residence costs, food, etc.
- For students in standard programs who register in courses with specialized fees, these extra fees (the difference between a course standard fee and a course specialized fee) are not covered by the guarantee and will represent an additional cost to you.
- Students attending the University of Alberta on a study permit follow a program based tuition model which means that your annual tuition will be assessed regardless of how many courses you register in. This means that even if you complete your program in less than two years, you will still be required to pay the total tuition noted in the above table.
- Despite the above, this annual tuition rate is guaranteed for four years, even though your program is anticipated to take two years to complete. This means that if you have not completed your minimum required credits after two years, you will not have to pay tuition to complete those credits in Year 3 and Year 4, only the associated fees.
- This tuition guarantee only applies to the standard course requirements necessary to complete your program (i.e., up to the total number of credits required to complete your program, as set out in the University Calendar). The guarantee does not include the costs for any additional coursework, including courses that may need to be repeated due to withdrawals or failing grades. For additional coursework taken in Year 3 and Year 4 that is beyond the total number of credits normally required to complete your degree program, you will be charged the per course rate established for your admission cohort.
- Any additional coursework taken after Year 4 will be charged at the per course rate established for that year.
- If you change programs at the University of Alberta, the tuition guarantee provided within this letter may no longer apply, in which case you would be provided with a new guarantee at the time the program change.

For more information about tuition and fees please see [Tuition and Fees](#) on the FGSR website. Each year you will receive a Fee Assessment through [Bear Tracks](#), which will include your individual invoice for your tuition fees and other costs associated with your specific choice of courses (eg. costs for field trips, specialized supplies, etc.).
