   Your "Issue Records" are displayed on the screen.

   For any query please contact Librarian.

   If you want to renew a book you can "Click" on the " Renew" option mentioned.

E-governance, an important step initiated by government, has been initiated by the institute way back in 2008.

Four of the five methods have been partially implemented. These four areas include Examination, Finance and Accounts, Student Admission and Support and Administration.

1. E-governance of Examination Cell comprises of:

For Faculty:

- Online term work and internal assessment marks entry.
- Faculty can download list of failed students in their subject.
- Online assistance to get the information on Dropout students.
- Online generation of result statistics for both subject wise and semester wise.
- Generation of attendance defaulters list of students from the attendance portal
- Online uploading of question papers required for unit tests.
- All circulars and notices sent by mail.
- E-appointment letters to examiners appointed to conduct oral/practical examinations.
- Online faculty attendance, leave applications, personal information available

Under progress:

- Online entry of marks obtained by each student during practical/oral examinations.

For Non-teaching staff:

- All circulars and notices sent by mail.

For Students:

- Computerised printing of marks sheets for all the registered students.
- Online filling of examination forms for regular as well as failed students from the portal.
- Online student data bank enabled for checking the status and also getting the printout of marksheets of all semesters.
- Each student can access their result once declared.
- All circulars and notices are available on the website.
- All examination schedules are available on the website.
- Online payment of examination fees/ transcripts fees or any other fees related to examination.
- Online registration by students for convocation ceremony.
- Availability of time tables on the website
- Syllabi for all semesters of all programs are available n the website

4.   E-governance of Finance and Accounts comprises of:

- Purchase orders are issued to the vendor by mail.

- Many bills pertaining to examination, purchase of equipments/ instruments and/or softwares are cleared through NEFT or RTGS.

- All the details of finance and accounts are maintained as a soft copy.

- All the audited reports are maintained on the web site.

- Use of Tally software by accounts department.

5. Student Admission Support:

- For institute level admissions, advertisement for the said vacancies is displayed on the website.

- Provision is made to download the application form and submit

- Based on the CET and marks scored in 12th examination a merit list is prepared and uploaded on the website.

- The schedule for admission of the students shortlisted above is also displayed in the website and admission is done accordingly.
